COURSEWORK

GRADUATE

Data Structures and Algorithms, Operating Systems, DBMS, Software Engineering

Diploma

Data Structures, Operating Systems, Software Engineering

Achievements

- 2024- First rank in academics Sem V
- 2022- Second rank in college level hackathon.
- 2021- Runner up in Volleyball
- 2016- Winner in Volleyball

SKILLS

PROGRAMMING

Over 5000 lines:

C++ • Dart • Java • Javascript

Over 1000 lines:

C • CSS • PHP •

Familiar:

Web (React JS) • iOS • Android • MySQL

EXPERIENCE

COLLAB VISION INFOSOLUTIONS | Software Trainee

June 2023 - Present | Kolhapur

- Bank app in android:- Designed intuitive and user-friendly interfaces adhering to Material Design guidelines, ensuring a seamless user experience for banking transactions and account management.

Microdynamic Software Pvt. Ltd. | Web Development Intern.

August 2021 - Sept 2021 | Pune

- Through the internship, I gained practical, hands-on experience in developing web applications using various technologies and frameworks.

Projects

Calculator and Quiz App:

It performs various types of calculations dynamically, from simple arithmetic operations to more complex mathematical functions. Quiz app includes multiple-choice, true/false, or open-ended questions for a diverse learning experience.

Weather app:

This app that fetches real-time data from OpenWeatherMap API and incorporates captivating Lottie animations from lottiefiles .

TO-DO app:

This is the todo app that basically coded in the Dart language. In this app I have used the Hive local storage database.

Phone Number Authentication Using Twilio API:

This is app where I have used Twilio API for phone number authentication and OTP generation.

Restaurant website:

This is restaurant website of Hotel Shivneri Castle which is located at Sangli- Kolhapur road.
